

ADAN ABDULLAH

Software Engineering Student | Aspiring AI Developer | Web Development
AbdullahAdan528@gmail.com | +92 329 9437688 | Ittefaq Town, Lahore, Pakistan

PROFESSIONAL SUMMARY

Software Engineering student in the CCTE Dual Diploma program (Government College of Technology, Lahore, in partnership with Shenzhen Institute of Information Technology, China), building a hands-on foundation in software development and artificial intelligence ahead of university. Solved 1,000+ Data Structures & Algorithms problems on CodeChef, and now looking to channel that foundation into real, live projects that create practical value. Seeking an internship to gain hands-on software and AI engineering experience, contribute to meaningful work, and grow through consistent, hard-working effort. Communicates fluently in Urdu and English, with working proficiency in Mandarin Chinese.

EDUCATION

Dual Diploma in Software Engineering | 2024 - 2027

Government College of Technology, Printing & Graphic Arts (GCT-PGA), Lahore | Shenzhen Institute of Information Technology, China

- First Year: Completed - Grade A+
- Second Year: Completed
- Third Year: In Progress

Secondary School Certificate (SSC) | Al-Noor School System

- Matriculation (2024): 1073/1200 - Grade A+

PROJECTS

AI Student Assistant | Ongoing

Building an AI-powered study assistant aligned with the PBTE syllabus, delivering curriculum-specific academic guidance through a conversational chatbot interface.

Web Development Projects

Built multiple frontend web applications and assignment-based projects using HTML, CSS, JavaScript, and React; currently extending into backend development.

Data Structures & Algorithms - CodeChef

Solved 1,000+ DSA problems across Basic and Intermediate levels, demonstrating strong algorithmic problem-solving and coding fluency.

Actively seeking an internship to build on this foundation with real, live projects that deliver practical value — motivated, adaptable, and ready to put in the work.

TECHNICAL SKILLS

Languages	Python (OOP), Java (OOP), JavaScript, C, Go
Web & Data	HTML/CSS, React, SQL, NumPy

LANGUAGES

Urdu - Native | English - Fluent | Mandarin Chinese - Elementary (Academic)

CERTIFICATIONS

- Data Structures & Algorithms (Basic & Intermediate) - CodeChef
- Java & Java Problem Practice - CodeChef
- SQL - CodeChef
- C Language & Practice Problems - CodeChef
- HTML/CSS & CSS Intermediate - CodeChef
